

# Trex® RainEscape®

DECK DRAINAGE SYSTEM

*Water flows through system and on to the ground or into a water storage system.*

## EXPAND YOUR OUTDOOR LIVING SPACE WITH TREX® RAINESCAPE® DECK DRAINAGE SYSTEM

Trex RainEscape is the deck drainage system that will not only enhance the look and value of your home, it will also increase your usable outdoor living space. The moisture-free area underneath your deck will allow you to install the ceiling/soffit of your choice. You'll be able to accessorize your new living space in a variety of ways including: recessed lighting and ceiling fans; entertainment systems with stereo speakers and TV screens; furniture; outdoor kitchens; and below deck storage.

The Trex RainEscape system includes troughs, downspouts, waterproof tape and caulk.

## CREATE A USABLE DRY SPACE BELOW ANY DECK
