

## RPK Kiosk

RP Visual Solutions' kiosks are designed to fit your stand-alone display requirements. Kiosks are the perfect vehicle for touch screen or other interactive display applications. Whether housing a flat panel display, Mini-Cubes, or even a projector—we can fabricate a custom, built-to-order kiosk to fit your individual needs.

### Kiosk Applications

- Point-of-sale (POS)
- Wayfinding Kiosk
- Interactivity Points
- Directories & Maps
- Restaurant Menus
- Hotels & Resorts
- Waiting Areas
- Lobbies
- Airports

### Finishes

- Acrylic
- Solid Wood
- Wood Veneer
- Metal ( Laminate, Powdercoat, Brushed, etc.)
- Formica Laminate (Solid, Color, Patterns, Wood grains)

### Accessories

RPK Kiosk accessory options include bracket mounts to hold Loudspeakers, Source Devices, or Cameras, creating a truly versatile mount. These mounts can be located at the sides, top, or below the panels. Touch Overlay Bezel with up to 32 touch points and Custom Cladding can be added.
