

**PAYAPPS**  
PAYMENT APPLICATIONS

# SUBCONTRACTOR BENEFITS

A TRUSTED CONSTRUCTION TOOL FOR  
PAYMENT APPLICATION MANAGEMENT

“Very easy to use, calculates retention, records your progress and then sends the information to your accounting system.”

Altaire Servicing

Payapps is a cloud platform for submitting applications for payment - as a standalone system, or collaboratively as part of your main contractor agreements

## SIGNIFICANT TIME & COST SAVINGS

Saves valuable administrative time and cost

## IMPROVES SUPPLY CHAIN COLLABORATION

Provides project parties with all required information to process a payment notice

## IMPROVES CASH FLOW

Brings consistency to the payment process, which provides greater accuracy & steadier cashflow across the supply chain

## DELIVERS ACCURACY & AUDITABILITY

Ensures data accuracy, with the ability to access historical information and documents instantly

## REDUCES PROJECT RISK

A real time risk assessment tool, providing visibility of all application and retention deadlines

## DISPUTE REDUCTIONS

Transparency and standardisation significantly reduces the risk of payment disputes

## IMMEDIATE ROI

Sign up in less than five minutes and immediately start applying
