CleanRest® Preemptive Encasement User Instructions - General

- Install immediately for the (10 year) life of your mattress and box spring.
- Install, remove and reinstall easily, as needed for spoilage event or annual cleaning.
- Easily inspect Zip-N-Click™ enclosure with each install – verify that the green zipper tab is locked on the post and visible through clear window.
- Commercially launderable.
- Discard with mattress and box spring.

Installation Instructions

- Strip bed of all linens/bedding.
- Remove mattress from on top of box spring.
- Slide encasement around the box spring.
- Pull encasement up so all four corners of the box spring are encased.
- Zip and Click encasement closed.
- Install self-adhesive felt pads to prevent abrasion/tears.
- Replace mattress on box spring.
- Encase the mattress just as you did the box spring.
- Put on linens/bedding.

Care/Laundering instructions:

- Wash on normal cycle with warm water and detergent.
- Tumble dry on medium.
- DO NOT iron.
- DO NOT Bleach.
- Close and lock zipper when drying.

In the Event of an Occurrence:

Bed Bug Remediation - Heat

- Do not remove encasement from mattress or box spring.
- Separate mattress and box spring.
- Treat externally with heat.
- Restack mattress and box spring.

Bed Bug Remediation - Chemical

- Remove encasement from mattress or box spring.
- Bag with linens.
- Launder with linens.
- Reinstall after chemical application.
