Janus International Acquires Mahon Door Corporation

FOR IMMEDIATE RELEASE

(Temple, GA – July 30, 2010) Janus International has announced the acquisition of certain assets of Mahon Door Corporation of Warren, Michigan. Founded in 1912, Mahon Door enjoyed a long and distinguished history in building construction markets across the country. “Mahon was a pioneer in our industry, with a widely recognized name and commonly specified product lines in markets nationwide,” states President David Curtis. “This acquisition blends well with our focus of applying innovation and modernization to established principles and products.” The Michigan plant will be permanently closed; however, Janus acquired all patents, UL listings and rights to manufacture previous Mahon listings.

###

Janus International is a leading manufacturer of rolling steel doors, coiling sheet doors and self storage building components. Headquartered in Temple, GA, Janus has six locations worldwide. For more information, visit our website at www.janusintl.com.
