**FOR IMMEDIATE RELEASE**

Janus International Announces New PAID Model

(Temple, GA – January 31, 2007) Janus International is pleased to announce a new commercial door, the Model 1000.

The Model 1000, also known as a **Pre-Assembled Industrial Door (PAID)**, is an innovative new design which includes components pre-assembled direct from the manufacturer. The push-up operation comes with brackets and tensioner pre-assembled. The reduced drive chain hoist operation is delivered with brackets, tensioner and chain drive pre-assembled on the door. In addition, the door and guides install to jamb as a single assembly.

Pre-assembly from the factory means less time spent on installation, therefore saving you valuable field time and money. Backed by a one year warranty, the PAID Model 1000 is a solid and economical investment for commercial/industrial usage.

For more information, visit us at [www.janusintl.com](http://www.janusintl.com) or call 866.562.2580.

###

Janus International Corporation specializes in the production of commercial/industrial sheet doors and storage facility components, ranging from roll up doors to self sustaining hallway systems. Our commitment to our customers begins with product design and extends through our service and warranties long after installation. Superb customer service, meticulous attention to detail, and innovative manufacturing processes are all part of the Janus Advantage.
