Guaranteed

STANDARD FEATURES

Pre-Lubricated Springs: During production, springs are factory lubricated and enclosed in a tube to protect them from the environmental elements.

Dead Axle & Barrel Assembly: An enclosed spiral barrel houses the dead axle assembly and offers durability and smoother operation as weight is distributed throughout the barrel.

26-Gauge Corrugated Door Curtain: Manufactured from galvanized grade-80 steel and coated with super-durable polyester paint in more than 30 color options.

Insulated Version Available: Side and top draft stops included.

Scan below to see additional features and options.

The **2500 Commercial Series** from Janus International is the new standard for heavy duty commercial sheet doors. The easy installation, versatility and easy operation make this door the standard of all commercial sheet doors. Backed by a one year warranty on workmanship and material, the **2500 Commercial Series** is engineered for reliability and value.
