

YOUR COMMUNICATION PARTNER

WE HELP BUSINESSES USE TECHNOLOGY TO COMMUNICATE MORE EFFECTIVELY BOTH INTERNALLY AND WITH CUSTOMERS

If you believe technology should help your business do the following, you're talking to the right people:

SUPPORT GROWTH

IMPROVE PRODUCTIVITY

RETAIN EMPLOYEES

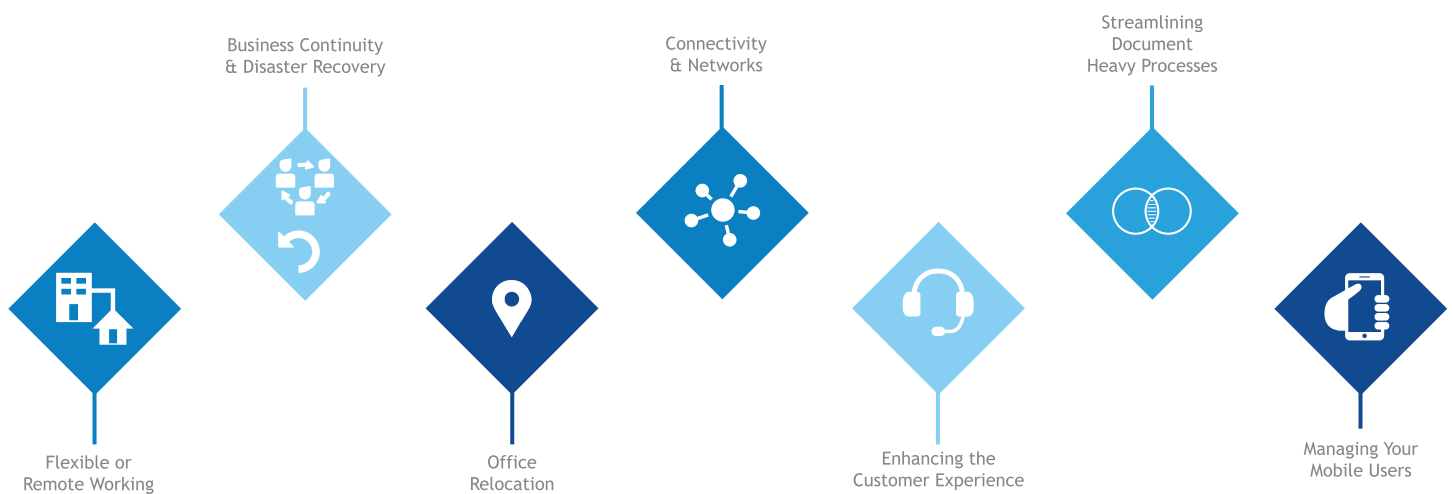

BUILD LOYALTY

INCREASE PROFITABILITY

We understand how to design, build and manage award-winning infrastructures that do all these; we do this by integrating best-of-breed technologies and ensuring our solutions are easy to understand.

Are you trying to overcome any of the following challenges?

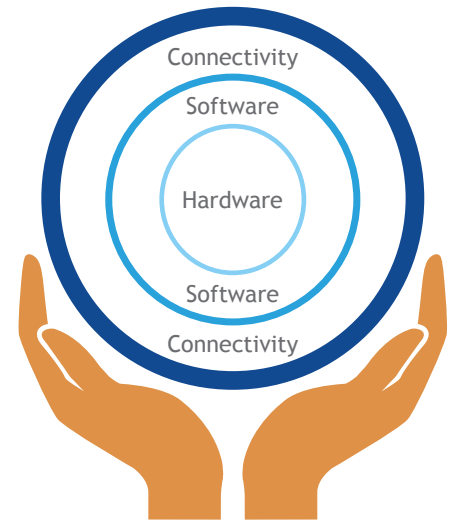

If so, we can help. These challenges aren't solved through one technology so we manage a best-of-breed partner portfolio, enabling us to build entire infrastructures; incorporating hardware, software and connectivity. We integrate technologies to create slick communications strategies, delivered as a managed service.

WHAT DOES THIS LOOK LIKE IN PRACTICE?

A selection of our products

- Telephony (systems & maintenance)
- IP Telephony, SIP Trunking
- Contact Centre Applications
- Unified Communications (voice, video, collaboration & presence)
- Data Connectivity
- Mobility (devices, apps, data, airtime and integration with current infrastructure)
- Electronic Document Management

Why not visit our Tech Showroom?

We have a technology showroom in Shoreditch, London, designed to show people ways of overcoming business challenges through intelligent integration of various technologies. If you're interested in finding out how technology can do more for your business, it's worth a visit.

You can arrange a visit with one of our consultants by calling us on **020 7324 7470**.

Alternatively, visit www.cvd.plc.uk/General-Info/contact-us, complete the form and a consultant will contact you to arrange a date and time.
