

The John Deere 9510R Scraper Tractor is owned by McConnell Dowell Construction and is used on Adelaide beaches for a sand replenishment program. Adelaide's Living Beaches program is a strategy that will keep sand on Adelaide's beaches for recreation, amenity and protection purposes while reducing the amount of sand carting required. In the long term, the strategy is expected to reduce the cost of managing Adelaide's coastline by about 20%.

"All Smiles" - Both Graeme and brother Russell Turnbull along with working dog Jack are very happy after putting their new John Deere 9470R 4WD tractor, 1830 Air Hoe Drill and 350 bushel 1910 Air Cart to work at their Beulah West property. Due to the many changes in farming practice over more than 100 years of family history working their Glen Isla (4th generation) & Riseborough Downs (5th generation) properties in the Beulah district, the Turnbull Family know the importance of keeping up with the latest advances in both machinery and technology, to help drive the business's productivity into the future.

Grant Anderson of Halbury South Australia provided us with this photo of all of his John Deere equipment. It turned into a family project as the kids realised the mower was missing and pulled it out and polished it up ready for the photo alongside Dad.

EG & LF Schild are a 4<sup>th</sup> Generation family owned company with 450 acres of premium vines as well as the Schild Estates "Valley of Hope" winery. They have a patch of 160 x year old vines that produces fruit for their flagship label the "Moorooroo" Barossa shiraz. Over the past 10-years the Schild family has replaced their multi-colour tractor fleet to be exclusively John Deere.

Everyone thinks John Deere when they think of big machinery; our hope is that gardeners across South Australia and Victoria will think green and gold when they look at their lawns. This photo was taken at the Roseworthy South Australia branch as the staff were gearing up for the Drive Green Events, and Deere Season launch.

In 2016 Emmetts purchased Scania's new R500 prime mover and Ophee trailer to increase delivery efficiency. The trailer is 46 feet long and spreads to 4.3 meters for delivery of tillage and harvest equipment. Joe Hearn, Emmetts Truck Driver is very pleased with its fuel efficiency and advanced technology. The truck is similar to John Deere tractors in its remote monitoring and diagnosis ability.
