XID8300
THE FLEXIBLE RETRANSFER CARD PRINTER

The modular single-or double-sided XID8300 Retransfer Printer was developed for industrial needs. It has various optional modules available such as a bend remedy to keep cards flat, flipper module for double sided printer and various encoders.

The printer is ready for plug and play inline encoding and lamination. Its compact size delivers the right combination of reliability, performance and printing quality, even on the uneven surface of smart card.

The XID8300 prints on a variety of card materials including long-lasting, durable non-PVC cards such as ABS, PET, and Polycarbonate. The user-friendly front-loading card system that is lockable, spacious, and with replaceable cartridges making changing of supplies fast and simple.

The printer is ready to meet your individual requirements and can be equipped according to your needs. Optional magnetic stripe, IC contact and smart card encoding. Adding an Inline Lamination Module (ILM-LS for single-sided lamination and ILM-DS for simultaneous dual side lamination) extends the life and security of cards with standard laminates, stock design laminates or highly secured customised laminates.

With diverse security features such as electronic security lock, Kensington-lock, dye sublimation UV ink ribbon for invisible security printing, IPSEC for encrypted data transfer through networks, and Security Erase of black data on used supplies all help to secure against counterfeiting and help to avoid misuse of personal information.

TECHNICAL SPECIFICATIONS

Print Method
Dye-sublimation retransfer

Print Mode
Single- or double-sided (optional) over-the-edge retransfer printing

Print Resolution
300 dpi

Print Speed
Up to 120 cards per hour (single-sided)

Warranty
3 Years Warranty and Lifetime Print Head Warranty
(using EDIsecure® materials)

Card Types
PVC, Composite PVC, ABS, PET and
Polycarbonate Cards of ISO ID -1/CR-80 size, 85.60 x 53.98 mm

Card Thickness
0.25 - 1.02 mm (hopper adjustement required)

Input Hopper Capacity
200 cards (0.76 mm)

Output Hopper Capacity
100 cards (0.76 mm)

Interface
USB 2.0 and Ethernet

Operating System Support
Windows XP, 7, 8

Power Supply
100/120 V and 220/240 V, 50/60 Hz FCC, CE, UL, GOST-R, and CCC approved

Operating Environment
15°C to 30°C, 35% to 70% noncondensing humidity

Printer Dimensions
343 x 322 x 360 mm (WxDxH)

Weight
13.9 kg (excluding optional built-in items)

ID Supplies includes our Card Printer Service Guarantee with the XID8300 for your peace of mind.
