

Charge Posting

Get rid of unpaid bills, get paid for your skills

We've all rendered professional service at some point, and we all know how disappointing it is to be unpaid. DrCatalyst helps secure your reimbursements by posting the charges for the service you gave. Our goal is simple: we help you get paid for what you're good at doing.

Proper Coding, Timely Payment

Payment. This is just as essential as patient care to you. **Get paid for your service on time** through error-free payment documentation. Our certified billers post charges that adhere to the proper coding and the appropriate fee schedule. They review and make sure that bills are complete and accurate to the rules specific to carriers and locations.

Updated Billing Out Charges

Mediocre service especially in the healthcare industry is a no-no. Missing or lacking charges in the bill outs are a reflection of such mediocrity that can injure your reputation as a medical practitioner.

To avoid this, our remote staff apply their in-depth know-how and firm dedication in addressing this concern. Our remote staff generate a daily report to ensure that bills are created for all billable patient appointments.
