

# Medical Coding Services

ICD-10 CM, CPT & HCPCS

Is your bottom line taking a major hit because of **coding errors or a growing backlog?**

**DrCatalyst can help. We provide Medical Coding services that:**

**1. Streamline the Medical Billing Process**

Fewer hours reviewing (and re-reviewing) codes, more time with patients

**2. Accelerate Payments to Physicians**

Decrease delays, increase timely payments

**3. Make Denials a Thing of the Past**

Decrease denials, garner greater reimbursements

**4. Increase Your Bottom Line**

Fewer errors, more profitability

# Partner With Industry-Leading Coders

You'll have access to an experienced team of AAPC certified coders (CPC, CRC, CIC) who can help with:

- > E&M, ED, Anesthesia, HCC, Home Health, Allergy and Hospice coding
- > Insurance-specific coding (Medicare and Commercial)
- > Inpatient and outpatient coding needs
- > RHC-FQHC coding
- > Ensuring all records are HIPAA compliant

Medical Coding  
Services That  
Can Help Your  
Practice

## The DrCatalyst Advantage

Aside from our experienced team of coders, healthcare providers choose us because:

We provide a **comprehensive coding** process that is tailored to the protocols and policies of your practice

Our coders strictly maintain **98% accuracy**, and we ensure your charges get out the door accurately and quickly

With the assistance of **industry-leading coding software** like Encoder Pro and Find A Code, we ensure accurate and quality coding services

We've helped our clients **increase revenue by 20%** by selecting the proper ICD-10, CPT, E&M and HCPCS codes

Ready to improve your bottom line & say goodbye to denials and coding errors?
