

THE SANOR[®] MARK V SYSTEM

Drip System Dispenser & Fluids

Clean restrooms, happy people.

www.totalrestroom.com

The Sanor Mark V System Eliminates Odors at their Source.

An odor free restroom environment can provide a constant, positive experience for employees and guests alike. Often odor control products are used to mask or cover offensive scents rather than removing them.

The Sanor Mark V system features a continuous wick-fed dispensing operation that meters a safe, non-hazardous fluid directly into bowls and urinals.

The exclusive formula is a mixture of detergents, deodorants and wetting agents that clean fixtures. Sanor's special wetting agents help detergents penetrate bowl and urinal surfaces for a more effective cleaning, while distributing fluids in areas where manual cleaning often cannot reach – deep into the piping often removing stuck on debris.

Dependable...Economical...Effective

Sanor Mark V Provides:

- Proven, consistent dispensing system
- Cleaner bowl & urinal fixtures
- Maintenance-free performance, 24/7
- Consistent service visits by trained personnel
- Contemporary and traditional fragrance choices
- Installation and use of necessary components

The Result:

A dramatic improvement in overall restroom perception and quality.

Sanor Mark V Removes:

- Unpleasant restroom odors
- Artificial masking fragrances
- Spotty or extra staff cleaning cycles

Sanor Mark V Fluids:

- Reduce surface tension in the fixture bowl, loosening deposits
- Detergent action cuts the source of malodors between regular cleaning cycles

Excellent companion scents to match restroom needs.

Scentury Aire Fan Unit & Gels

An improved performance updated technology gel that absorbs odor in the air. Continuous activity with 30 days of time released fragrance delivers consistent air freshener to the restroom.

- Constant fragrance action
- Decreases odors at their source
- Infused with 15-20% fragrance levels
- VOC compliant
- Traditional and contemporary scents with matching color for coordination of multi-family odor control products in the restroom
- Packed 12/case
