

CERTIFICATE PENETRATION TEST

SySS GmbH
72072 Tübingen

hereby confirms that it carried out a penetration test for the company

softgarden e-recruiting GmbH
10789 Berlin

Test item: E-Recruiting platform including underlying systems

Simulated attack scenarios:

- a) Perpetrator in the internet without credentials
- b) Perpetrator has valid login credentials

Scenarios excluded from the test:

- a) Mobile app incl. its residual interface

Test period: October 7 to 15, 2019

Test depth / resistance period: The simulated attack lasted 13 person-days (actual test period)

Summarizing test results:

„Vulnerabilities were discovered during the test period. However, they were successfully rectified during the test period. This is hereby confirmed by SySS GmbH.“

Recommendation: SySS recommends that the test item be retested after every significant change or at the latest after one year.
