SOFT SHELL SHOOTING BOMBER

EASY TO WEAR WHATEVER THE WEATHER

Smart and comfortable, the Soft Shell Shooting Bomber is a really useful coat for any clay shooter and stylish enough to be worn away from the shooting field. Windproof and breathable, the jacket is manufactured in 3 layers fabric with the Beretta BWP wind protection membrane

sandwiched between the outer shell fabric and the inner fleece lining. Guaranteed to keep you warm and comfortable, even on chilly days. Further features include, great range of movement, thanks to the flexible fabrics and internal mesh pockets, for use with the Beretta recoil reducer.

M.O.L.L.E. SHOOTING VEST

THE FIRST SHOOTING VEST WITH AN ADJUSTABLE POCKET AS STANDARD

The M.O.L.L.E system, derived from Beretta's experience in the military world, applied for the first time to a shooting vest, allows you to decide which position to fasten your front pockets: higher or lower, more central or more to the side - an extra advantage for those who practice several shooting disciplines, or want separate access to

different ammunition. The M.O.L.L.E Vest also allows you to determine the best resting angle for your arms, while waiting for the next clay. In the search for the perfect performance, every millimetre can make a difference. Find your ideal position and be free to concentrate on the only thing that matters: smashing that clay.

BERETTA – OFF SHOT MINI HEADSET®

MINI FORMAT,
MAXI PROTECTION

32 decibels of noise protection and only 7 grams in weight. With the new Beretta – Off Shot Mini Headset® you will discover a new dimension of comfort, freedom of movement and practicality. Conversely to traditional shooting headsets, it does not place any pressure on

the head and is extremely comfortable, thanks to the foam ear tips available in three sizes that adapt to the shape of your ear once inserted. Its anatomical design also makes it perfect for extended use, after which it can be placed in its convenient pocket-size case.

UNIFORM PRO DRESSING THE NATIONAL PRIDE

In 1984 Beretta included its first item of clothing in its weapons catalogue, a hunting vest. In 2016, in Rio, the UNIFORM PRO line won seven Olympic medals. Since 2013 we have in fact proudly clothed the Italian Shooting Federation and we work alongside the best teams with customisation projects. Because on the podium the champion must look like a true Champion.

FORGET WIFI. HEAD OUTDOORS TO FIND A NEW CONNECTION

The 2017 Beretta Spring/Summer collection is designed around your movements. Made from lightweight, resistant, stretchable and breathable fabrics, to guarantee extra freshness and freedom of movement. The cuts and deconstructed tailoring are simple and clean, for clothes that are so comfortable you hardly feel them at all. Pockets, adjustments and final touches are based on functionality rather than fashion, to respond to needs tested in the field. This is clothing and accessories that invite you to go out and refind your true self, your natural state of mind.

LIGHT 4 WAY STRETCH PANTS

IDEAL FOR THE MOST DEMANDING ENVIRONMENTS

The Light 4 Way Stretch pants draw inspiration from the world of mountain sports and are designed for use in the most challenging terrains. Manufactured in water-repellent micro-ripstop fabric, these pants, from the Active range, guarantee maximum freedom

of movement and an extremely comfortable fit, thanks to the ultra-flexible, four way stretch fabric. The anti-abrasion inserts at crucial points, reinforce this garment, allowing you to move naturally even in the toughest environments.

COUNTRY HUNTING

DON'T GIVE UP ON THE CLASSICS,
MAKE THEM CURRENT

If you love a timeless look and the simplicity of traditional fabrics, but don't want to give up the benefits offered by technical clothing, the Country Hunting range is the one for you. This classic range gives a nod to a vintage American style while incorporating details which make it suitable for the most demanding hunters. The jacket's game

pocket has a removable and washable lining and the vest incorporates inserts in breathable 3D mesh. These garments are made from comfort cotton and feature reinforced patches in contrast fabrics. A further characteristic of the new design are the ergonomic breast pockets, which stylishly overhang the front cartridge pockets.

LIGHT ST JAMES

A GENTLEMAN
FOR ALL SEASONS

The Light St James is a range of clothing designed for those who prefer a more traditional look. Stylish, yet elegant, the wool and linen blend is perfect for the warmer climates that have characterised recent seasons. However, thanks to the water repellent and stain resistant Teflon® treatment you will never be

caught out by an unexpected shower! Being Italian made but with hints of the English driven shoot, the Light St James is perfectly tailored giving you a touch of contemporary elegance. Particular care has been taken when designing the women's garments, which are specifically cut to enhance the feminine body shape.

HOPLON ACCESSORIES

A PRESTIGIOUS RANGE OF ACCESSORIES CREATED WITH PREMIUM ITALIAN CRAFTSMANSHIP

The inspiration for this range of leather accessories comes from long ago. In ancient Greece, the term "Hoplón" referred to the shield, the most precious item for a warrior; tasked with protecting him in battle. And this range was created to protect your most precious guns: the essentials for those who love to

surround themselves with high quality accessories. Handcrafted by Tuscan tanning masters, using premier Italian manufacturing techniques, Hoplon accessories are designed to be truly beautiful while remaining exceptionally functional. Choosing the Hoplon range is a style statement: "I want the best".

WALNUT JACKET

URBAN CUT, UNIQUE PERFORMANCES

Born in the hunting world but equally at home in town, the Walnut jacket is the perfect complement to your leisure wardrobe. Additionally, when weather conditions worsen it shows off its real character. Made from three-layer GORE-TEX® Performance Shell with taped seams, it is waterproof and breathable. The elasticated inserts and the

rear vents ensure maximum comfort and freedom of movement. The Lycra® cuffs and wind-proof detachable bib with integrated hood provide further protection against bad weather. The best in outdoor experience meets contemporary design, in a garment with excellent performances and incredible versatility.

TRAVEL WITH BERETTA

EVERYTHING WITHIN ARM'S REACH

When you're always on the move, you need to carry your essentials with you in a spacious but small, and above all, well-organised suitcase. The new range of Beretta luggage was created for those who constantly travel for work or for pleasure. The cabin size trolley and the backpack, both made from canvas with luxurious Italian leather details, are reminiscent of an iconic Beretta design, in their camel and dark brown colours and their

orange trim. They can be combined and transported together by means of an attachment on the rear of the backpack, allowing you to travel with maximum ease. The suitcase contains a clothes carrier bag with a clothes hanger, to protect the garments that need to be taken out ready to wear: Style and functionality are combined in this range that will change the way you travel.
