## GCP Quality Specialist

This is an exciting opportunity for a GCP Quality Specialist to manage operational QA GCP activities related to clinical studies and to provide GCP compliance support to the clinical team at Invicro's London site.

Invicro is involved in the development and manufacture of radioisotopes for injection into patients/volunteers as part of clinical programmes.

### The role:

The role will report to the Head of Quality & Compliance and will be responsible for:

- Managing GCP QA compliance activities through the Quality Management System
- Performing/ hosting internal and external audits of clinical studies and associated GCP activities
- Providing QA oversight of clinical study activities including Invicro sponsored clinical studies
- Ensuring SOPs covering clinical and data management activities meet GCP requirements
- Performing GCP training for clinical staff and external collaborators
- Acting as the liaison with academic and commercial partners for GCP compliance issues
- Performing general QMS activities

### To be considered for this position you will have:

- Relevant experience in auditing and/or monitoring clinical studies, ideally covering studies in both commercial and non-commercial environments
- Comprehensive knowledge of GCP regulations and demonstrated ability to apply this knowledge
- Understanding of clinical computer systems compliance requirements as they relate to data management and data integrity in GCP and computer systems
- Excellent interpersonal, communication and influencing skills
- Ability to operate proactively and with minimal supervision, as well as part of a team
- Proven planning and organisation skills
- An effective team player with a 'can do' attitude
- Experience of GCP aspects of imaging studies desirable, but not essential

### Competitive Salary & Benefits

Contributory Pension, Bonus, Private Medical Insurance, Life Assurance & Flexible Benefits options

To apply for this position please forward your CV and a covering letter detailing your relevant experience to HR at [recruitment@invicro.co.uk](mailto:recruitment@invicro.co.uk)
