

## Dear Store Manager,

As a regular customer to your store, I would love the opportunity to purchase Pre® 100% grass fed and finished beef. Pre® is committed to providing high-quality, humanely raised and ethically sourced beef without added antibiotics or hormones.

**These products are currently available in many grocery stores and on AmazonFresh, but I'd like to buy Pre® in your store, where I usually shop.**

Thank you,

(customer name)
