

Dear Store Manager,

As a regular customer to your store, I would love the opportunity to purchase Pre® grass fed and finished beef. Pre® is committed to providing high-quality, humanely raised and ethically sourced beef without added antibiotics or hormones. Their certifications include: Non-GMO Project Verified, Whole30, Keto, and Paleo. The packaging is airtight and completely transparent so that I can see every inch of my beef before I buy it.

These products are currently available in many grocery stores and on AmazonFresh, but I'd like to buy Pre® in your store, where I usually shop.

Thank you!
