

Introduction to the Jangro LMS

How to get instant access to learning modules

The Jangro Learning Management Solution (LMS) incorporates a fully interactive suite of training and information modules, available on the internet via your desktop, tablet or mobile devices, through the well-established Moodle platform.

The easy to use online system offers a blended learning experience where an entire company can learn at different times of the day from any location with immediate access to all courses available, thanks to the new self-registration process.

The various Jangro LMS interactive modules make learning simple and convenient, ensuring all of your staff are fully trained quickly and efficiently.

Full instructions including video guides demonstrating how to access the Jangro LMS can be found on the frequently asked questions page.
