

CLINICAL PROCEDURES

PROGRAM OVERVIEW

The majority of conditions requiring surgical intervention can be diagnosed and treated in primary care – if the general practitioner has the skills and confidence to do so. With Medicare rebates remaining low for consultations and the cost of providing medical care increasing, performing clinical procedures in your practice will not only reduce unnecessary referrals to surgeons and public hospitals but will also increase your revenue and make you a referral option for your colleagues. The Professional and Advanced Certificate courses teach a range of foundation and advanced procedures, including the management of a variety of commonly encountered surgical problems, local anaesthetic approaches, post-operative care, various suturing techniques, joint injections, and temporary and permanent contraception.

PRESENTERS

A/Prof Maurice Brygel
General Surgeon & Lecturer
Royal Australian College of Surgeons

Dr Gerard Ahern
General Surgeon & Lecturer
University of Melbourne

Dr Peter Grossberg
Senior Surgeon
Box Hill Hospital Melbourne

Dr Peter Milne
Vascular Surgeon
Melbourne Vascular Surgery Unit

Dr Raj Selvarajan
Course Director and
Scalpel Free Vasectomist

Dr Nelum Dharmapriya
Women's Health Specialist &
Clinical Trainer

DELIVERY FORMAT

The certificate courses are delivered face-to-face in a small group setting with experienced clinicians and consist of highly practical sessions with supporting theory. The advanced certificate course consists of three workshops which can also be completed individually. The workshops offer hands-on training on cadavers or simulated models. Participants are required to complete short pre-course activities and post-course online assessments. All courses include a full-colour workbook with all presentation slides, tools and consumables for the practical sessions, and access to additional learning resources, reference materials and video lectures. You will also gain access to regular online learning sessions with the speakers and have the opportunity to ask any questions you may have as you implement your learning.

PATHWAY OPTIONS

Course graduates can apply for Accreditation of Prior Certified Learning (APCL) for module 2 of the Postgraduate Diploma in Minor Surgery studied through the Rila Institute of Health Sciences and awarded by the University of Plymouth (UK). To increase the safety and accuracy of their work, course graduates are encouraged to complete further clinical training at a dedicated facility.

PROFESSIONAL CERTIFICATE OF CLINICAL PROCEDURES

LEARN MORE 

COURSE OBJECTIVES

Learn a broad range of surgical procedures, local anaesthetic approaches, post-operative care, and various suturing techniques.

ENTRY REQUIREMENTS

No experience or previous training required.

ACCREDITATION

40 RACGP Category 1 QI&CPD points
30 ACRRM PRPD points + PRPD Surgery MOPS
+ 30 EM MOPS

TOPICS COVERED

- Lacerations, leg ulcers and lipomas
- Abscesses and sebaceous cysts
- Foreign bodies
- Ingrown toenails
- Warts, skin lesions and haematomas
- Haemorrhoids and anal-rectal conditions
- Aseptic technique
- Local anaesthesia
- Simple and advanced suturing
- Post-operative care and dressing selection

DATES | FACE-TO-FACE

3-4 Mar 2018 | Brisbane
22-23 Sep 2018 | Sydney

21-22 Apr 2018 | Adelaide
10-11 Nov 2018 | Perth

7-8 Jul 2018 | Melbourne

ADVANCED CERTIFICATE OF CLINICAL PROCEDURES

LEARN MORE 

COURSE OBJECTIVES

The Advanced Certificate of Clinical Procedures will consolidate your procedural knowledge and focus on more advanced procedures with the use of cadavers or simulated models. The certificate course consists of three advanced workshops offering an excellent introduction to highly sought-after services in primary care: Joint Puncture and Soft Tissue Injections, Non-Scalpel Vasectomy, and Intrauterine Systems.

ENTRY REQUIREMENTS

Advanced Workshops: Previous experience in clinical procedures is recommended.
Advanced Certificate: Completed Professional Certificate of Clinical Procedures.

Each Advanced Workshop can be completed individually or as compulsory unit of the three-part Advanced Certificate of Clinical Procedures.

ACCREDITATION

Advanced Certificate of Clinical Procedures: 80 RACGP Category 1 + 7 Category 2 CPD points and 66 ACRRM PRPD points + 30 MOPS points
Advanced Workshop of Joint Puncture and Soft Tissue Injections: 7 RACGP Category 2 CPD points and 6 ACRRM PRPD points
Advanced Workshop of Non-Scalpel Vasectomy: 40 RACGP Category 1 QI&CPD points and 30 ACRRM PRPD points
Advanced Workshop of Intrauterine Systems: 40 RACGP Category 1 QI&CPD points and 30 ACRRM PRPD points + 30 MOPS points

TOPICS COVERED

Advanced Workshop of Joint Puncture and Soft Tissue Injections

- Principles of joint puncture
- Principles of soft tissue injections
- Joint anatomy and safe treatment
- Local anaesthesia and safe practices
- Specific conditions that require joint puncture and soft tissue injections

Advanced Workshop of Non-Scalpel Vasectomy

- Process of non-scalpel vasectomy procedures
- Safety rules to avoid complications
- Determining the necessary equipment
- Planning patient counselling
- Analysing patient case scenarios

Advanced Workshop of Intrauterine Systems

- Process of intrauterine system procedures
- Safety rules to avoid complications
- Determining the necessary equipment
- Planning patient counselling
- Analysing patient case scenarios

DATES | FACE-TO-FACE

Advanced Certificate of Clinical Procedures (Friday evenings to Sundays)
2-4 Mar 2018 | Brisbane
21-23 Sep 2018 | Sydney

Advanced Workshop of Joint Puncture and Soft Tissue Injections (Friday evenings)
2 Mar 2018 | Brisbane
6 Jul 2018 | Melbourne
21 Sep 2018 | Sydney

Advanced Workshop of Non-Scalpel Vasectomy (Saturdays)
3 Mar 2018 | Brisbane
22 Sep 2018 | Sydney

Advanced Workshop of Intrauterine Systems (Sundays)
4 Mar 2018 | Brisbane
23 Sep 2018 | Sydney

 *This is the only program I know of to cover so many practical GP techniques in a very hands-on way with great presenters.*

– Dr R. Susnja, QLD –

 *A great pathway to improve your confidence and evolve into the GP you aspire to be.*

– Dr S. Shinwari, VIC –
