

QUALITY ASSURED BY

SKIN CANCER SURGERY

PROGRAM OVERVIEW

[LEARN MORE](#)

Surgery is still considered the most effective skin cancer treatment. With limited access to surgeons and year-long waiting lists at public hospitals, patients depend on skilled general practitioners who can offer an immediate solution to their concerns. This program is ideal for acquiring and honing various surgical techniques in the management of more complex skin cancer cases. This will allow you to minimise referrals and become a referral option for your peers. The Professional Certificate of Skin Cancer Surgery will extend your knowledge in performing large elliptical excisions, flaps and grafts. The Advanced Certificate and Professional Diploma courses will teach you how to remove skin cancers from anatomically complex and cosmetically sensitive areas.

PRESENTERS

Dr Alister Lilleyman
Newcastle Skin Check
Australia

Dr Anthony Azzi
Newcastle Skin Check
Australia

Dr Tony Dicker
The University of Queensland
Australia

Dr Victor Harling
National Skin Cancer Centres
Australia

DELIVERY FORMAT

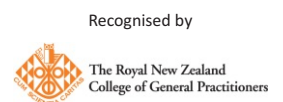

The certificate courses feature highly practical sessions with supporting theory and focus on different anatomical areas. The program is delivered face-to-face in a small group setting with experienced skin cancer doctors and a team of surgical assistants to guide you and provide real-time feedback as you practise the procedures on pork parts.

PATHWAY OPTIONS

This university quality-assured three-part program consists of the Professional Certificate, Advanced Certificate and Professional Diploma of Skin Cancer Surgery. Upon completion of the program, graduates can apply for Accreditation of Prior Certified Learning (APCL) for module 2 of the Postgraduate Diploma in Minor Surgery studied through the Rila Institute of Health Sciences and awarded by the University of Plymouth (UK). To gain more hands-on experience, course graduates are encouraged to complete a clinical attachment at a dedicated skin cancer facility.

The Skin Cancer Surgery Certificate Courses and Professional Diploma have been collaboratively designed with and are annually reviewed by Professor David Wilkinson, Deputy Vice Chancellor, Engagement at Macquarie University.

PROFESSIONAL CERTIFICATE OF SKIN CANCER SURGERY

[LEARN MORE](#) 

COURSE OBJECTIVES

Learn advanced skin cancer surgery techniques for more complex skin cancer cases in a highly practical program.

ENTRY REQUIREMENTS

Experience in minor surgical procedures.

ACCREDITATION

RACGP 40 Category 1 QI&CPD points
ACRRM 30 PRPD + 30 Surgery MOPS points

TOPICS COVERED

- Surgical anatomy and skin lines
- Local anaesthetic blocks
- Large elliptical excisions
- Advanced suturing techniques
- Rotation flaps
- Advancement flaps
- Full thickness grafts
- Dog ear repairs
- Wound care and various dressings

DATES | FACE-TO-FACE

23-24 Feb 2019 | Melbourne
12-13 Oct 2019 | Brisbane

6-7 Apr 2019 | Adelaide
9-10 Nov 2019 | Perth

15-16 Jun 2019 | Gold Coast
30 Nov - 1 Dec 2019 | Sydney

ADVANCED CERTIFICATE OF SKIN CANCER SURGERY

[LEARN MORE](#) 

COURSE OBJECTIVES

Learn and hone advanced skin cancer surgery procedures, including various types of flaps and closure techniques to minimise scarring in cosmetically sensitive areas.

ENTRY REQUIREMENTS

Completed Professional Certificate of Skin Cancer Surgery.

ACCREDITATION

RACGP 40 Category 1 QI&CPD points
ACRRM 30 PRPD + 30 Surgery MOPS points

TOPICS COVERED

- Anatomy of the head, neck, nose, lip, eyelid, ear, and upper and lower limbs
- Advancement flaps and rhomboid flaps on the face
- Rotation flaps in closure of scalp, cheek and distal limb defects
- Full thickness and split thickness grafts on the face and lower limb defects
- Closure of ear defects with flaps, grafts and wedges
- Closure of upper lip and lateral nose defects with advancement, rhomboid and V-Y flaps

DATES | FACE-TO-FACE

15-16 Jun 2019 | Gold Coast

30 Nov - 1 Dec 2019 | Sydney

PROFESSIONAL DIPLOMA OF SKIN CANCER SURGERY (ONLINE) + FACE-TO-FACE EXPERT WORKSHOP

[LEARN MORE](#) 

COURSE OBJECTIVES

Acquire and hone the most advanced skin cancer surgery techniques on anatomically complex and sensitive areas, including the nose, eyelids, ears, lips, and lower limbs.

ENTRY REQUIREMENTS

Completed Advanced Certificate of Skin Cancer Surgery.

ACCREDITATION

RACGP 40 Category 1 QI&CPD points
ACRRM 30 PRPD + 30 Surgery MOPS points

- Anatomy of the nose, eyelids, lips, and ears
- Reconstruction of alar and nasal tip defects of the nose and the bilobed flap
- Reconstruction of lower eyelid defects
- Reconstruction of complex lip and ear defects
- Lower limb anatomy and surgical planning
- A review of perforator island flaps for the lower limb: Bezier and Keystone flaps

DATES | FACE-TO-FACE

23-24 Feb 2019 | Melbourne

12-13 Oct 2019 | Brisbane

This has been a refreshing and positive learning experience. Well organised and extremely well presented by very experienced teachers. The program has increased my skills, confidence and motivation.

– Dr N. Rohde, NSW –

Fun, practical course! I was able to go at my own pace and can take the learning immediately into treating patients.

– Dr R. Harman, VIC –

The skin cancer surgery program was interactive and hands-on. I feel much more confident with more difficult excisions.

– Dr E. Kirkpatrick, SA –

This is the best surgical dermatologic event I've ever been to. It offered hands-on experience and was very, very relevant.

– Dr C. Robalino, NSW –
