

*The* Harmony V is a modern vessel with a sleek high-tech look very similar to the private yachts to be found in the famous ports of the world. The 55 meter long/8.2 meter wide Mega Yacht was launched in June 2009 and complies with SOLAS safety regulations while its powerful engines, generators and state of the art twin stabilizers will allow for safe and comfortable cruising.

A spacious lounge with classy seating and an American Bar leads into a dining area decorated with warm colors. Both areas offer large windows providing for the most beautiful views of all destinations the ship cruises to. The 200m<sup>2</sup> sundeck offers a shaded outdoor area for all day dining and a bar as well as sun chairs and loungers. The swimming platform on Harmony V stern allows for easy access to the ship and for a wide range of sea related activities.
