

vWork Ltd. Privacy Policy

Effective date: May 24, 2018

vWork Ltd ("us", "we", or "our") operates the websites www.vworkapp.com, go.vworkapp.com, and *.vwork.io, as well as the vWork Android and iOS mobile applications (the "Service").

This page informs you of our policies regarding the collection, use, and disclosure of personal data when you use our Service and the choices you have associated with that data.

We use your data to provide and improve the Service. By using the Service, you agree to the collection and use of information in accordance with this policy. Unless otherwise defined in this Privacy Policy, terms used in this Privacy Policy have the same meanings as in our Terms and Conditions.

Definitions

Personal Data

Personal Data means data about a living individual who can be identified from those data (or from those and other information either in our possession or likely to come into our possession).

Usage Data

Usage Data is data collected automatically either generated by the use of the Service or from the Service infrastructure itself (for example, the duration of a page visit).

Cookies

Cookies are small pieces of data stored on a User's device.

Data Controller

Data Controller means a person who (either alone or jointly or in common with other persons) determines the purposes for which and the manner in which any personal data are, or are to be, processed.

For the purpose of this Privacy Policy, vWork acts as Data Controller for data that we collect on our behalf.

Data Processor (or Service Providers)

Data Processor (or Service Provider) means any person (other than an employee of the Data Controller) who processes the data on behalf of the Data Controller.

For the purpose of this Privacy Policy, vWork acts as Data Processor for Customer Data.

Data Subject

Data Subject is any living individual who is the subject of Personal Data.

Client

A company who elects to use vWork in order to deliver their service to Users.

User

The User is the individual using our Service. This may be a staff member or a customer of the Client. The User corresponds to the Data Subject, who is the subject of Personal Data.

Customer Data

A Client may store or upload personally identifiable information in vWork that is required to perform their duties to a User (either a delivery or a service). vWork has no direct relationship with the individuals whose Personal Data it hosts as part of this Customer Data. Each Client is responsible for providing notice to its customers concerning the purpose for which Client collects their Personal Data and how this Personal Data is processed by the Service as part of Customer Data.

Information Collection

We collect several different types of information for various purposes to provide and improve our Service to you.

Personal Data

While using our Service, we may ask you to provide us with certain personally identifiable information that can be used to contact or identify you ("Personal Data"). Personally identifiable information may include, but is not limited to:

- Email address
- First name and last name
- Phone number
- Address, State, Province, ZIP/Postal code, City, Country
- Cookies and Usage Data

We may use your Personal Data to contact you with newsletters, marketing or promotional materials and other information that may be of interest to you. You may opt out of receiving any, or all, of these communications from us by following the unsubscribe link or instructions provided in any email we send.

Non-Personal Data

We also collect non-personal information – data in a form that does not permit direct association with any specific individual. We may collect, use, transfer, and disclose non-personal information for any purpose. The following are some examples of non-personal information that we collect and how we may use it:

- We may collect information such as occupation, language, zip code, area code, unique device identifier, location, and the time zone where a vWork product is used so that we can better understand customer behavior and improve our products and services.
- We also may collect information regarding customer activities on our website, and from our other products and services. This information is aggregated and used to help us provide more useful information to our customers and to understand which parts of our website, products, and services are of most interest. Aggregated data is considered non-personal information for the purposes of this Privacy Policy.

If we do combine non-personal information with personal information the combined information will be treated as personal information for as long as it remains combined.

Usage Data

We may also collect information that your browser sends whenever you visit our Service or when you access the Service by or through a mobile device ("Usage Data").

This Usage Data may include information such as your computer's Internet Protocol address (e.g. IP address), browser type, browser version, the pages of our Service that you visit, the time and date of your visit, the time spent on those pages, unique device identifiers and other diagnostic data.

When you access the Service by or through a mobile device, this Usage Data may include information such as the type of mobile device you use, your mobile device unique ID, the IP address of your mobile device, your mobile operating system, the type of mobile Internet browser you use, unique device identifiers and other diagnostic data.

Location Data

We may use and store information about your location if you choose to share this data with us ("Location Data"). We use this data to provide features of our Service, to improve and customize our Service.

You can enable or disable location services when you use our Service at any time, through your device settings.

Tracking Cookies Data

We use cookies and similar tracking technologies to track the activity on our Service and hold certain information.

Cookies are files with small amount of data which may include an anonymous unique identifier. Cookies are sent to your browser from a website and stored on your device.

Tracking technologies also used are beacons, tags, and scripts to collect and track information and to improve and analyze our Service.

Retention of Data

vWork Ltd will retain your Personal Data only for as long as is necessary for the purposes set out in this Privacy Policy. We will retain and use your Personal Data to the extent necessary to comply with our legal obligations (for example, if we are required to retain your data to comply with applicable laws), resolve disputes, and enforce our legal agreements and policies.

vWork Ltd will also retain Usage Data for internal analysis purposes. Usage Data is generally retained for a shorter period of time, except when this data is used to strengthen the security or to improve the functionality of our Service, or we are legally obligated to retain this data for longer time periods.

Transfer of Data

Your information, including Personal Data, may be transferred to — and maintained on — computers located outside of your state, province, country or other governmental jurisdiction where the data protection laws may differ than those from your jurisdiction.

If you are located outside Australia and choose to provide information to us, please note that we transfer all data, including Personal Data, to AWS Australia and process it there.

In addition, some limited data is shared with other sub-processors and may be transferred to the United States as per the service providers details listed below.

Your consent to this Privacy Policy followed by your submission of such information represents your agreement to that transfer.

vWork Ltd will take all steps reasonably necessary to ensure that your data is treated securely and in accordance with this Privacy Policy and no transfer of your Personal Data will take place to an organization or a country unless there are adequate controls in place including the security of your data and other personal information.
