

Special Broker Bulletin: April 3, 2020

Geisinger Health Plan waiving member cost-sharing for COVID-19 testing and treatment

Effective April 3, 2020, Geisinger Health Plan (GHP) will waive member cost-sharing for in-network, in-patient treatment of COVID-19. This new treatment waiver is in addition to the current waiver for COVID-19 testing costs. The cost waivers will be in effect until further notice. This is applicable to all Geisinger Health Plan members. Self-insured/TPA groups may opt-out. Office visit or ER visit cost-sharing may apply based on a member's specific benefits. Members may call their Customer Care Team at the number on their member ID card for more details.

Ask us about our new payment reporting

We now have reporting available that spans the past 12 months of historical invoices and premium payments; these reports do not require enrollment/census data. If you or your groups would like to receive reporting on this topic, please send an email to sales_coordinator@thehealthplan.com and include the group name, group number, and the date range you'd like to view. We will also need to know the contact information of the broker or group requesting this reporting, if it is not already noted in your inquiry email.

Keep up with COVID-19
