- ▶ Planning & Architecture design workshops
- ▶ Reference images to support new & existing devices
- ▶ An actionable roadmap for deploying Windows 10 in your business.
- ▶ Hardware and App assessments
- ▶ Prepare your environment for Windows-as-a-Service

### Start your deployment of Windows 10

Windows 10 presents a wealth of opportunity, but with that comes some complexity. The **FastStart service** ensures you capitalise on this opportunity.

#### Delivering a secure Windows 10 as the foundation of your digital transformation journey

Creating a Modern Workplace can be daunting. Where do you start – devices, applications, infrastructure, user profiles, data, security, updates. Taking the initial step on your Windows 10 journey need not be complicated with our **Windows 10 FastStart service**.

#### Approach

The **Windows 10 FastStart service** will help you begin this journey in the right direction. Benefiting from our experience, you'll be able to avoid the common Windows 10 deployment pitfalls. Resulting in a smoother, faster project delivery.

We work with you to understand your business needs and define what 'good' looks like, both in the short-term and for the future. We partner together to test this forward view in the form of a pilot. We then use the learnings from the pilot to create an actionable Windows 10 road-map for your business.

#### What's included

<b>Envision and Plan</b>	Identify your objectives, showcase the latest technologies, enable your staff and plan the pilot.
<b>Assess and Design</b>	Technical upgrade and application assessment, limited to a representative sample of applications and devices. Design core infrastructure and labs.
<b>Build and Pilot</b>	Build and test initial configurations and recommendations covering: <ul style="list-style-type: none"> <li>- Re-use of existing skills and investments Target business scenarios</li> <li>- Windows 10 Servicing and Updates Cloud and Identity</li> <li>- Devices, Operating System and Deployment Systems Management</li> <li>- Security</li> </ul>
