INSTALLATION

Would you like us to quote installation? ☐ Yes ☐ No

OBSTRUCTIONS: Are there any obstructions on the walls that could hinder installation of lockers? (Examples: outlets, light switch, breaker box, heating duct, etc.) If so, please provide detail:

Is there an existing toe kick? ☐ Yes ☐ No

If no, would you like our installer to provide the toe-kick installation, or will you have that done before our team arrives?

What material would you like the toe kick to be made from? This can match the material of the lockers, or it can match already existing base for the rest of the room.

How would you like to finish off corners in the room? (if applicable)

Options:

- Boxing off the corners with material to match lockers
- Building a custom cabinet or shelft unit

Please keep in mind our installer is only responsible to install the lockers and any finishing aspects that directly pertain to lockers. Our installer will not be responsible for connecting any electrical, HVAC, flooring, or any other specialty issues. Those things will need to be taken care of by a professional in that area of expertise.

DELIVERY

Does your facility have a dock or access to a forklift to unload the lockers?

☐ Yes ☐ No

If not, we will need to have a truck with a lift-gate. Additional charges may apply.

Is the locker room on the ground level?

☐ Yes ☐ No

If no, is there a freight elevator to haul the lockers to the locker room?

Will there be staff available to unload the lockers?

☐ Yes ☐ No

Standard delivery is quoted dock-to-dock and requires someone at your facility to unload the truck.

Would you like white-glove delivery?

☐ Yes ☐ No

White-glove delivery includes a phone call to confirm a delivery appointment, two-man delivery and placement in your room of choice, as well as unpacking and debris removal.

This will be an additional charge.

Does your facility have any restrictions getting to the location?

☐ Yes ☐ No

For instance, is it located in a downtown metropolitan area?

Most of our shipments arrive on a semi-truck with a 53' trailer. If there is limited access to your facility, please let us know of any issues that may arise during delivery. These may require extra charges for shipping.

Does your facility have a place to put pallets and packaging material from the shipment?

☐ Yes ☐ No
