

COVID-19.

YOUR BUSINESS NEVER SAW IT COMING.

You Might Be Down, But Let iHub Radio Help You Get Back In The Fight!

iHub Radio understands the challenges that local businesses face in these unprecedented times. The Coachella Valley relies heavily on the economic boom that comes with the swell of population each Spring and the hundreds of thousands of visitors to the desert for events in March and April.

Every week, we talk with tens of thousands of listeners around the clock on the region's ONLY all-Local news, talk and entertainment outlet. Each of our hosts and programs are able to make a unique connection with the audience because we live in the same community.

Let iHub Radio Help Your Business with a FREE Ad Campaign Through April. We are donating our unsold commercial advertising inventory on a space-available basis in an effort to keep the Coachella Valley's economy as strong as possible in the wake of this national and global pandemic.

More than 40,000 people turn to iHub Radio for shows that talk about health and wellness, automobiles, food and spirits, arts and entertainment, economic development, fitness, love and relationships, nightlife, current events, addiction recovery, and all the other topics of conversation that drive everyday life.

To take advantage of iHub Radio's Business Rebound, call us today. Each approved campaign is guaranteed at least 25 units of advertising per week through the end of April.*

Put the POWER OF DIGITAL AUDIO ENTERTAINMENT to Work - **FREE!** For A Limited Time Through 4/30/20
