

Appointeddd

eIXtr is a leading digital hub created and maintained by the award winning lawyers at LHS Solicitors. The team at LHS Solicitors, who power the eIXtr platform, approached Appointeddd to provide them with booking tools that would enable members to securely book appointments with solicitors online.

Alex Gurr
Business Development Manager,
LHS Solicitors.

“To deliver the ideal solution for the eIXtr platform, the Appointeddd development team worked closely with us to configure the booking flow to our exact requirements. The Appointeddd system was tailored to suit eIXtr’s requirements in order to achieve what was originally envisioned. The professional manner at which the Appointed team conducted themselves was a major attribute and one of the reasons we set out to work on this project together.”

As well as developing eIXtr’s booking portal, Appointeddd is also proud to be included among their line up of Experts - a selection of hand-picked companies who represent the best tools available for entrepreneurs. eIXtr recommends Appointeddd as their online booking and scheduling product of choice for their member businesses.
