

## Online booking for any business, on any device, in any timezone

### About Appointedd

Appointedd provides a market-leading online booking solution, with tools that allow you to manage your business from a single platform. Partnering with Appointedd gives you and your clients access to the world's most flexible, intuitive scheduling system.

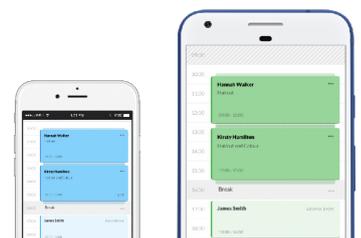

### What can Appointedd do for you?

Appointedd's software is designed to be versatile, so it can deliver a whole host of benefits to a wide variety of industries and business types. Appointedd would make the perfect partner if:

- You frequently work with SMEs and small business owners, for example as a web developer or consultant
- You are a membership organization for SMEs
- You provide software or IT solutions complementary to Appointedd, for example accounting tools
- You are a website hosting platform or app builder
- You run a service directory
- You are in any sector where your client base would benefit from Appointedd's functionality

### Why partner with Appointedd?

- Add value to your clients by providing a cutting-edge online booking and scheduling solution
- Increase your revenue by reaching more potential customers and leads and expanding the functionality you can offer
- Be featured on the Appointedd website as an official partner and take advantage of promotion and collaboration opportunities

## Features to superpower any business

Appointedd's features are designed with businesses and entrepreneurs in mind...

### Real Time Booking

Take bookings from a website or Facebook page and watch the diary fill up! Customers choose the time slot they want and it appears instantaneously in the Appointedd diary. So easy.

### External Calendar Synchronization

Appointedd has a two-way calendar synchronization with all major external calendar systems. Any appointments made through Appointedd will automatically appear in any connected external calendar.

### Multi-Timezone Booking

Appointedd has launched as the world's first multi-timezone online booking tool. Schedule calls and meetings internationally without timezone maths.

### Online Payment & Bookkeeping

Never miss out on custom by taking payments or deposits at the time of booking. Access full payment history and keep accounts up to date.

**Appointedd's text message reminders reduce no-shows by up to 67%**

## Productivity Reports

With Appointeddd you can manage bookings and customers anywhere, on any device. Reschedule a meeting from your mobile, see your appointments for the day, or contact a customer directly.

## Business Management Suite

Manage bookings, customers, and staff anywhere, on any device. Customer records are stored securely making it easy to manage customer relations and take bookings on the move.

## Customer Relationship Management

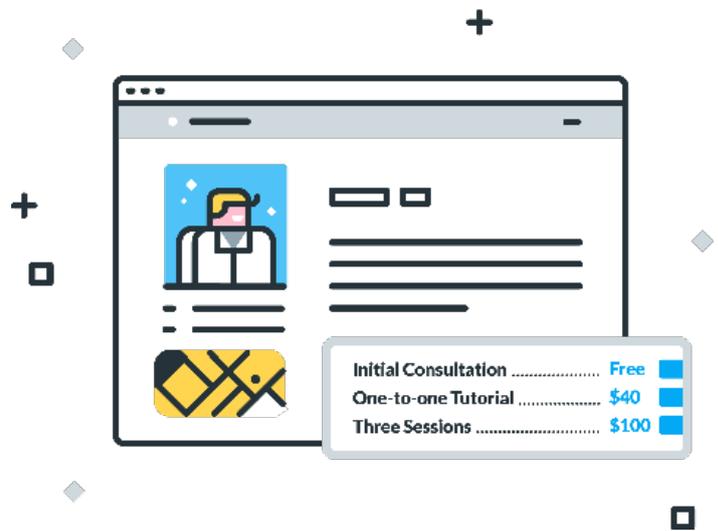

Set up marketing campaigns in a few clicks with our customizable marketing emails and SMS. Effortlessly improve customer experience without losing any valuable time with automatic text and email reminders.

## Mobile Optimized Booking Tools

The Appointeddd system is completely mobile optimized, so users can keep on top of their schedule and customers can make bookings wherever they are, on any device, with a native app experience.

## Classes and Events

Appointeddd can be used for all types of bookings, including classes and events for up to 500 participants. It's as quick and simple to create large group events as it is to schedule a one-on-one appointment.

### Did you know?

Our customers at Escape Spa in Edinburgh reported a revenue increase of £300 in the first month of using Appointeddd, just from filling appointments at the last minute using our CRM tools!
