### INTEGRATIONS

## Software in the cloud to power your sales team

---

### Conversion Rate Optimization

Maximize the impact of your sales emails by including a link to book a call or meeting directly - no email back-and-forth necessary. Take the effort out of following up on your calls to reel in the sales.

### 24/7 Availability

Your customers can book with you and your team 24/7. Customers can view your up-to-date availability and book a convenient time so you don't have to worry about missing their call.

### Multi-Timezone Booking

Appointedd is the world's first multi-timezone online booking tool. Schedule calls and meetings internationally without the timezone math.

### External Calendar Synchronization

Appointedd is the only scheduling tool that has a two-way synchronization with all major external calendar systems including Google, iCloud, Office 365, Outlook, and more. Manage your schedule whenever you want, wherever you are.

### Customizable Booking Tools

Appointedd's booking apps and microsites are customizable to suit your needs, whether you want bold and eye-catching or sleek and professional.

### Confirmations and Reminders

With automatic SMS and email confirmations and reminders you can keep hold of slippery leads and cut right down on the number of errant potential clients without lifting a finger.
