

Mizzou K-12 Online

Mizzou K-12 Online

- Two basic course structures: scheduled courses and flexible courses
- All courses are written and taught by certified teachers
- The only online K-12 program in the country supported by faculty at a flagship university
- Fall enrollments begin in May; Spring enrollments begin in October
- Offers students flexible courses with year-round start dates

MBS Direct wants your students to get the most out of their education — in the classroom and online. That's why we're pleased to announce our partnership with Mizzou K-12 Online, the University of Missouri's online high school program. Through MBS Direct, your students can now access more than 200 core classes, including electives, foreign language courses, and AP credit!

How it works

Whether it's to get ahead or for remediation, the MBS Direct partnership with Mizzou K-12 Online will give your students more options for high school credit, including self-paced courses, semester courses, Advanced Placement, STEM and honors courses to meet every student at any level.

Give your students an opportunity for personalized learning through online courses, either on their own in self-paced courses or as part of a blended classroom. Best of all, they only have to go to one place to sign up for classes and get the course materials they need: your Online Bookstore, available to students everywhere!

Online Bookstore

For these courses, students can choose from a large selection of used books, as well as additional saving options like rental and Guaranteed Buyback. The Online Bookstore ensures students get the course materials they need, when they need them!

AP courses offered at Mizzou K-12 Online include:

- AP Calculus
- AP Computer Science
- AP Comparative Government and Politics
- AP English Language and Composition
- AP English Literature and Composition
- AP European History
- AP Psychology
- AP Statistics
- AP United States Government and Politics
- AP United States History
