

Sandy Spring Friends School

CLIMBING WALL ACTIVITY AGREEMENT AND RELEASE

The undersigned parents/guardians of _____ ("Student") understand and acknowledge that Sandy Spring Friends School ("the School") has offered an opportunity for my child to experience the climbing wall. By signing this Agreement the undersigned parents/guardians agree to allow their Student to participate in climbing.

Parents/guardians understand that the School's staff members who will be conducting the climbing wall class have received safety training based on best practices and industry standards promulgated by the American Mountain Guides Association. The School has taken safety precautions to protect the safety of students, including proper safety equipment and mats. Student will also be instructed on safety rules of the wall and the School strives to provide instruction that is age- appropriate.

While the School has taken appropriate safety precautions, the undersigned parents/guardians acknowledge and agree that there are inherent risks in the use of climbing walls and it is not possible for the School to predict or prevent every risk or possible harm. Risks of the climbing wall include but are not limited to potentially serious injury. The undersigned parents/guardians are aware of these and other inherent risks presented by the climbing wall activity and have had an opportunity to ask questions about the activity. Parents/guardians freely and voluntarily assume responsibility for these risks and for the injuries which may occur as a result of these risks even if injuries occur in a manner that is not foreseeable at the time this Agreement is signed. In consideration of participating in the climbing wall, parents/guardians hereby agree to release from all liability, indemnify, discharge, and promise not to sue Sandy Spring Friends School or the officers, directors, members, employees, vendors, or agents of Sandy Spring Friends School.

By signing this Agreement the undersigned parents/guardians acknowledge that they have read this Agreement and understand its terms. No oral representations or statements may modify or alter anything in this written agreement.
