

BEWARE OF SCAMS DURING COVID-19

STIMULUS CHECK SCAMS

Watch out for calls or emails asking you to verify or provide your financial information in order to get your stimulus check faster.

NON-PROFIT DONATION SCAMS

Always seek out the charity's authorized website. The results of a search engine query may include fraudulent sites designed to look like a legitimate charity's website.

TIMESHARE EXIT CONS

Exit companies are defrauding timeshare owners out of thousands of dollars by making empty promises that ensnare them in lengthy processes and ruin their credit.

INTERNET MERCHANDISE SCAMS

Online scammers may seed phony sites and email coupons with malware that infects your device and harvests your personal information for use in identity theft.

CENSUS SCAMS

The Census Bureau does NOT send unsolicited emails to request participation in the Census. Remember, all valid Census Bureau websites will always have .gov at the end.

If you've been targeted by an exit company, there is a better way and it's free. By working directly with ARDA and the timeshare brands themselves, you can get resolution and avoid the empty promises.

VISIT THE COALITION FOR RESPONSIBLE EXIT TODAY FOR ALL THE INFORMATION YOU NEED TO STAY INFORMED.
