### ***Dryer Vent Cleaning Products***

Dryer vent cleaning is a great business opportunity as a stand-alone business or as an add-on service for any air duct cleaning contractor. Most homes, condos, apartments, hospitals, laundromats all need annual or periodic dryer vent cleaning. Cleaning dryer vents helps prevent dryer fires (a big safety issue) and improves dryer efficiency (reduces dryer energy usage).

Vac Systems International offers you a full selection of products specifically designed for dryer vent cleaning.

- Air and cable driven cleaning tools.
- Electric and gas air compressors.
- HEPA filter wet/dry vacuums.
- Lint Alert Dryer Safety Alarm.
- More!

## Air Driven Cleaning Tools

---

The Super Dryer Vent Cleaning System gives you a set of cleaning tools that allow you to clean dryer vents from the outside or inside. These systems take the air from your air compressor and deliver effective cleaning force through the various air nozzles.
