

## ***Zephyr Trailer/Truck Mount Gas Vacuum Collection System w/Compressor!***

The Zephyr duct cleaning system is a self contained trailer or truck mounted vacuum collection systems with a built-in compressor and unique enclosed filtration system. It is designed for residential and one story commercial projects. Zephyr is only 4' wide, 4' high and 6' long so it will easily fit on your trailer or truck. You just bolt it on and go! This powerful package delivers a maximum static pressure rating of 30" W.C. which is double the performance of other trailer and truck mount vacuums at less than half the cost. The compressor delivers 23.1 cfm at 175 psi. This combination means you get maximum productivity for maximum profits!

## ***Zephyr Features & Benefits:***

---

- Powerful 31 hp Briggs Vanguard OHV gas engine drives both the vacuum turbo fan and compressor. This eliminates the problems and maintenance on a second motor while saving you space and weight. Two 6.6 gallon fuel tanks are included
- The 12 bladed 23" clean-air turbo fan is dynamically and statically balanced to generate up to 30" W.C. (static pressure) for maximum productivity and profits.
- The compressor delivers 23.1 cfm at 175 psi with a 30 gallon remote mounted receiver tank to handle all of your air washing, air whipping and air tool needs.
- The unique enclosed filtration system features a large easy to clean out 28 cu. ft. collection bin and 33 Dacron filter bags.
- The self contained Zephyr is only 4' wide, 4' high and 6' long —1,480 lbs. so it will easily fit on your trailer or truck. You just bolt it on and go! We recommend a 7' wide by 14' long trailer with a side door for ventilation when the unit is running.
- Instrumentation includes digital hour meter, tachometer and service indicator.
- The heavy-gauge shell is reinforced from within and features continuously welded seams. This means you get the structural integrity and quality needed to handle years of the rough over-the road service.
- Front engine and drive mounting provides for easy access and maintenance.
- Two year warranty for added piece of mind.

## ***Zephyr Specifications:***
