

Zephyr — Typical Equipment Package

This equipment package is designed around the Zephyr truck/trailer mounted vacuum collection/compressor system. It is designed for residential homes and single story commercial buildings projects. The Zephyr is a self contained collection system with a built in compressor and a unique enclosed filtration system. You just bolt the 4' wide x 6' long x 4' high onto your truck or trailer and go! This powerful package delivers a maximum static pressure of 30" wc which is double that of other systems.
