

Workplace & Employment Law Update

For over 70 years, California companies have relied on **Employers Group's** annual one-day **Workplace & Employment Law Update (WELU)**. The information-packed event covers the issues, laws, and practices California businesses need to be aware of for the upcoming year. Unlike other employment law updates, Employers Group delivers its WELU *before the new year begins* so HR and business leaders have time to adequately prepare for changes in the law and compliance complexities. EG's program also covers timely workplace issues that impact how companies do business. Because the event includes breaking news content, breakout and other content-related session descriptions will be released in early Summer 2017.
