

COMPASS IT Compliance

SECURE. COMPLY. SAVE.

About Compass IT Compliance

Founded in 2010, Compass IT Compliance is a nationwide leader in providing IT Security, Audit, and Compliance services to organizations of all sizes in a number of different industries. Our goal in 2010 and today remains the same: To partner with your organization to help you mitigate your overall Information Security Risk while providing you with the best customer service possible. Period. Whether you are working with our Security Specialists or our IT Auditors, you can rest assured knowing that our team is committed to partnering with you to provide you with expert knowledge around your risks and steps you can take to mitigate those risks. Compass can help you minimize and manage your IT Compliance burden:

- Compass' expertise in IT Auditing and Compliance spans multiple industries, software platforms, and applications
- Each member of our IT Compliance team is a Certified Information Systems Auditor (CISA)
- Each IT Auditor possesses more than ten years of experience within the industry
- We strive to be the best and ensure that you are happy with the process, even after the project.
