

EVENT DONATION PACKAGES

TriMech Charity Bike Build

Sunday, February 9, 2020 | 1:15pm – 4:00pm

The Horton Building | Nashville, TN

Help us give back to the community this year by donating bikes to The Boys & Girls Club of Middle Tennessee! During 3DEXPERIENCE World 2020, TriMech is hosting a Charity Bike Build at the Horton Building. SOLIDWORKS users from across the country will create memories during this interactive experience while allowing local children the opportunity to create memories of their own for years to come.

Donation packages are detailed below. However, gifts of any amount are welcome and all proceeds will be used directly to purchase bikes and helmets that will be donated to the boys and girls of Nashville.

Respond with your donation selection by Monday, January 6th and have your company logo highlighted as a sponsor on all promotional e-mails and digital collateral.
