- Moodle
- Totara
- Other
- Not applicable

# Poll Question #2

How is your Moodle or Totara site hosted?

- Self-hosted
- Through a Moodle/Totara provider
- We don't have Moodle or Totara, I'm just here to learn

# Productivity & ROI in eLearning

- \$1 goes in \$30 comes out
- 18% increase in employee engagement

# Poll Question #3

What are your biggest eLearning challenges?

- User/administrative experience
- Reporting & Analytics
- Managing user progress and activity
- Training Gaps

# Top 5 Plugins for Productivity

1. Grade Me
2. Attendance
3. Progress Bar
4. Re-Engagement
5. Atto: Toggle Preview, Styles, Full Screen
6. **Course Time Tracker**

# Plugin #1: Grade Me

- For administrators to see all assignments and questions that have been submitted and still need to be graded
- Configured to work with groups – teachers will only see assignments submitted by students in their group

A+

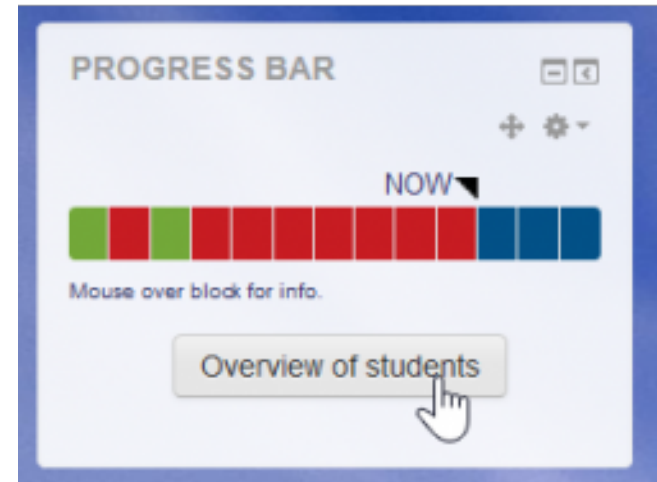

## Plugin #2: Attendance

- Take attendance, track attendance, and export reports with attendance data

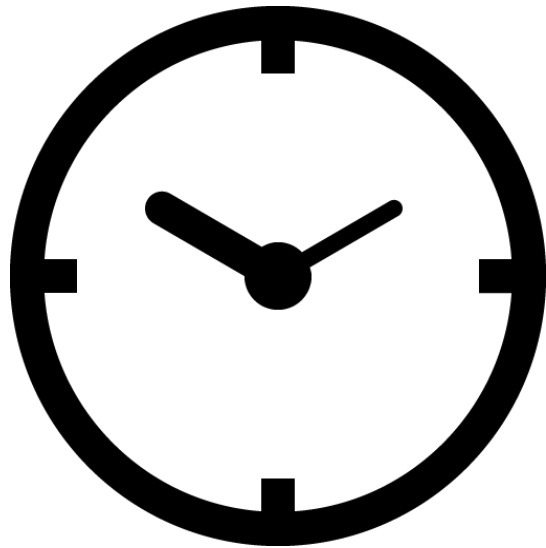

## Plugin #3: Progress Bar

- See student progress in any activity resource, or course.
- Teachers have access to overview page where they can see progress of all students

## Plugin #4: Re-Engagement

- Allows timed release of content and emails users reminders to complete their course activities

## Plugin #5: Atto

**Toggle Preview:** Shows a preview of filtered editor content.

**Styles:** Allows administrators to provide custom CSS classes.

**HTML+:** Syntax highlighting and code beautification.

**Full-Screen:** Allows the Atto editing window to fill the entire browser window.

# Poll Question #4

Do you have reporting functions that serve your needs?

- Yes, we have a reporting solutions, and we are happy with it.
- No, we have a reporting solution, but it doesn't deliver what we need.
- We don't have a reporting solution
