Our Network Connects Your Chemical Business to Brazil & Beyond

END-TO-END GLOBAL AIR & OCEAN FREIGHT SERVICES

AN EXTENSIVE GLOBAL NETWORK WORKING FOR YOU.

We trace our roots back to the 1960s, where our founders offered vessel husbandry services and worked as liner agents for ocean carriers across the globe.

Over the past six decades, we have forged partnerships with executive management of major ocean carriers spanning six continents – giving us premium access to rates, space, and problem-resolution support where and when you need it.

Stop chasing your forwarder for answers.

When you work with UWL, a dedicated logistics coordinator is assigned to your shipments – providing proactive updates on your cargo.

Discover cost efficiencies.

We continually monitor and evaluate your supply chain – uncovering time and cost-saving solutions.

Visibility to your supply chain.

Get accurate, real-time visibility to shipment data through WorldScope®. Whether its email alerts, global tracking & tracing, or EDI connectivity – **We're on it!**

Seamless Service to Brazil

Over 25% of our global export volume is moving from the USA to Brazil
