

A wide-angle photograph of the Golden Gate Bridge in San Francisco, California, taken from a high vantage point looking down the length of the bridge towards the city skyline. The bridge's iconic orange-red color is prominent against the blue sky and water. The city of San Francisco is visible in the distance across the water.

About Direct Commerce

Direct Commerce® (DCI) offers Procure-to-Pay automation tools that include electronic invoicing, discount management, dispute resolution, workflow and more over a secured web-hosted Supplier Portal. Direct Commerce solutions are easy-to-use, configurable and deliver bottom-line savings.

Renowned for its technical innovation, project execution and premier customer service, Direct Commerce is the first choice for Fortune 1000 clients. Free to suppliers, the Direct Commerce network supports more than 150,000 suppliers submitting hundreds of thousands of electronic invoices adding up to billions of dollars per year in transaction volume.

We relentlessly provide superior customer satisfaction, the highest supplier adoption rates, and best-in-class implementation practices. Our solutions are deployed by an experienced and professional team committed to providing thoughtful, responsive service to you.

Please contact us to discuss how we can help you eliminate paper, streamline your process and deliver a rapid ROI. We look forward to meeting you!

With a track record over 15 years and headquartered in Silicon Valley, California, Direct Commerce is a leader in accounts payable automation and procure-to-pay solutions.

Our mission is to provide easy-to-use P2P automation tools that transform your business so you can achieve your full potential.

Easy-to-Use P2P Solutions

Procure-to-Pay Product Suite

Our easy-to-use P2P solutions transform your business.

Supplier Portal

The Supplier Portal empowers you to communicate efficiently and creates visibility between all parties.

eInvoicing

eInvoicing lowers costs, reduces errors, and improves compliance for your financial processes, all in a secure environment.

Order Management

Order Management enables your suppliers to have all the information they need in order to efficiently deliver goods and services.

Discount Management

Discount Management helps you maximize discounts, minimize risk and reduce upfront fees.

Dispute Resolution

Dispute Resolution eliminates costly back-end paper processing, improves business efficiency, and facilitates timely communication with your suppliers.

Hosted Imaging

Hosted Imaging facilitates the receipt of invoices without mandating electronic submission from your suppliers.

Workflow & Approvals

Workflow & Approvals eliminates paper-processing and provides real-time accurate information – resulting in lowered costs and improved productivity.

Payment Remittance

Payment Remittance reduces costs and increases ROI.

Legal Invoicing

Legal Invoicing enables your law professionals to improve their efficiency and decision making by applying legal business rules to the invoice review process.

Vendor Management

Vendor Management improves data accuracy, removes duplication, and keeps your vendor profiles updated in real-time all while synchronizing with your ERP system.

EDI

EDI facilitates lower administrative costs and more efficient Procure-to-Pay processing.

Executive Dashboard & Analytics

Executive Dashboard & Analytics is an easy-to-use tool that provides standard and configurable reports, and a real-time dashboard for better management visibility.

Supplier Onboarding

Supplier Onboarding offers a comprehensive needs assessment, requirements definition, testing, and training programs ensure a successful launch.
