FAQs

Launch timing

Zapnito has a dedicated service package for events organizations affected by coronavirus, promising to get you to launch in 2 weeks if required.

Video sessions

Our native video capabilities allow for seamless recording and publishing of sessions and panel discussions.

Workflow

Our team will handle the migration of content and upload of speaker, sponsor and delegate profiles. We hand over to you a fully branded solution that is ready to host your event.

Sponsors

There are many options to provide additional value to sponsors - including sponsor-led content, rooms and courses.

Integrations

You can also integrate existing conferencing and webinar tools that you are already using, such as TwentyThree. We can also integrate with payment, CRMs and more.

Post-event

Once you have created a digital offering for your event, your network is yours to leverage and extend that engagement.

Turn your live event into an online-only interactive experience.
