

Helping you to stay focused on your health

Vision coverage

With your Aetna vision coverage, you have routine eye exam benefits and allowances for glasses, contacts and frames to help you keep focused. And, when you're in the U.S., you can also take advantage of our Aetna VisionSM discount program that offers valuable savings on eye exams, eyewear and even LASIK surgery.

Add an eye exam to your "to do" list

Routine eye exams are important for everyone, especially if you have a vision condition. Believe it or not, having your eyes checked annually is of great value to your overall health, because one eye exam could potentially uncover a variety of health conditions.

Schedule an eye exam at some point to make sure your vision health stays in check — it's easy to do with your vision coverage. Plus, if you do need to purchase some eyewear, we've got you covered for that too.

With the eye exam and eyewear allowance benefits included as part of your vision coverage, you have:

- Coverage for one eye exam every 12 months*
- The ability to access eye care worldwide
- A set dollar allowance (depending on your specific plan) for the purchase of eyeglasses, contacts or frames*
- No referrals and no claim forms for participating doctors in the U.S.

The coverage levels for your vision benefits may differ slightly when accessing care in the United States compared to other countries. To better understand these differences in coverage levels, please refer to your plan documents.
