In-Network and Out-of-Network Providers

We cover the cost of services based on whether doctors are "in-network" or "out-of-network". We want to help you understand how much Aetna pays for your out-of-network care. At the same time, we want to make it clear how much more you will need to pay for this "out-of-network" care.

You may choose a provider (doctor or hospital) in our network. You may choose to visit an out-of-network provider. If you choose a provider who is out-of-network, your Aetna health plan may pay some of that provider 's bill. Most of the time, you will pay a lot more money out of your own pocket if you choose to use an out-of-network doctor or hospital.

Your doctor sets his or her own rate to charge you. It may be higher - sometimes much higher - than what your Aetna plan "recognizes". Your non-network doctor may bill you for the dollar amount that Aetna doesn't "recognize". You must also pay any copayments, coinsurance and deductibles under your plan. No dollar amount above the "recognized charge" counts toward your deductible or out-of-pocket maximums.

To learn more about how we pay out-of-network benefits visit www.aetna.com. Type "how Aetna pays" in the search box.

You can avoid these extra costs by getting your care from Aetna's broad network of health care providers. Go to **www.aetna.com** and click on "Find a Doctor" on the left side of the page. If you are already a member, sign on to your Aetna Navigator member site.

This applies when you choose to get care out-of-network. When you have no choice (for example: emergency room visit after a car accident, or for other emergency services), we will pay the bill as if you got care in the network. You pay cost sharing and deductibles for your in-network level of benefits. Contact Aetna if your provider asks you to pay more. You are not responsible for any outstanding balance billed by your providers for emergency services beyond your cost sharing and deductibles.

What's Not Covered

This plan does not cover all health care expenses and includes exclusions and limitations. Members should refer to their plan documents to determine which health care services are covered and to what extent. The following is a partial list of services and supplies that are generally not covered. However, your plan documents may contain exceptions to this list based on state mandates or the plan design purchased.

- All medical or hospital services not specifically covered in or which are limited or excluded in the plan documents
- · Charges related to any eye surgery mainly to correct refractive errors
- Cosmetic surgery, including breast reduction
- · Custodial care

- Adult dental care and x-rays
- Donor egg retrieval
- Experimental and investigational procedures
- · Immunizations for travel or work
- Infertility services, including, but not limited to, artificial insemination and advanced reproductive technologies such as IVF, ZIFT, GIFT, ICSI and other related services, unless specifically listed as covered in your plan documents
- Non-medically necessary services or supplies
- · Orthotics except as specified in the plan
- · Over-the-counter medications and supplies
- · Reversal of sterilization
- Services for the treatment of sexual dysfunction or inadequacies, including therapy, supplies, counseling and prescription drugs
- · Special duty nursing
- · Weight reduction programs, or dietary supplements

This material is for informational purposes only and is neither an offer of coverage nor medical advice. It contains only a partial, general description of plan benefits or programs and does not constitute a contract. Aetna does not provide health care services and, therefore, cannot guarantee results or outcomes. Consult the plan documents (i.e. Group Insurance Certificate and/or Group Policy) to determine governing contractual provisions, including procedures, exclusions and limitation relating to the plan. With the exception of Aetna Rx Home Delivery, all preferred providers and vendors are independent contractors in private practice and are neither employees nor agents of Aetna or its affiliates. Aetna Rx Home Delivery, LLC, is a subsidiary of Aetna Inc. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change without notice.

Certain services require precertification, or prior approval of coverage. Failure to precertify for these services may lead to substantially reduced benefits or denial of coverage. Some of the benefits requiring precertification may include, but are not limited to, inpatient hospital, inpatient mental health, inpatient skilled nursing, outpatient surgery, substance abuse (detoxification, inpatient and outpatient rehabilitation). When the Member's preferred provider is coordinating care, the preferred provider will obtain the precertification. Precertification requirements may vary.

If your plan covers outpatient prescription drugs, your plan includes a drug formulary (preferred drug list). A formulary is a list of prescription drugs generally covered under your prescription drug benefits plan on a preferred basis subject to applicable limitations and conditions. Your pharmacy benefit is generally limited to the drugs listed on the formulary. The medications listed on the formulary are subject to change in accordance with applicable state law. For information regarding how medications are reviewed and selected for the formulary, formulary information, and information about other pharmacy programs such as precertification and step therapy, please refer to our website at **www.aetna.com**, or the Aetna Medication Formulary Guide. Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna's Preferred Drug List. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. In addition, in circumstances where your prescription plan uses copayments or coinsurance calculated on a percentage basis or a deductible, use of formulary drugs may not necessarily result in lower costs for the member. Members should consult with their treating physicians regarding questions about specific medications. Refer to your plan documents or contact Member Services for information regarding the terms and limitations of coverage.

Aetna Rx Home Delivery refers to Aetna Rx Home Delivery, LLC, a subsidiary of Aetna, Inc., that is a licensed pharmacy providing mail-order pharmacy services. Aetna's negotiated charge with Aetna Rx Home Delivery may be higher than Aetna Rx Home Delivery's cost of purchasing drugs and providing mail-order pharmacy services.

While this information is believed to be accurate as of the print date, it is subject to change.

In case of emergency, call 911 or your local emergency hotline, or go directly to an emergency care facility.

Benefits are provided by Aetna Life Insurance Company (ALIC).
