

To whom it may concern,

Maviro performed our catalyst work here at Agrium Inc. this year during our turnaround.

It was a pleasure working with the 'Herd' this year. One of Agrium's core values is safety with all our employees, including all contractors. Maviro's safety program is outstanding and fit into Agrium's safety program just fine.

The quality of Maviro's work is outstanding and done with pride. The 'Herd' worked well together in a safe and well organized manner. I recommend them to anyone who requires catalyst work.

Jerry Moore
Ops Planner
Agrium Inc.
