

MODAL

Thanks to Lenzing Modal®, micro fiber fabrics caress the body in an embrace so light it is almost imperceptible... achieve heavenly softness with MicroModal®.

The luxurious natural fiber is spun from European beechwood and is completely natural. MicroModal® is CO2 neutral using eco-friendly technology. Its superior softness, excellent absorbency and color brilliance makes Modal the embodiment of luxury. The colors are bright and remain both vibrant and intensive.

MicroModal® is a natural choice for mattress fabric as it is smooth to the touch with the luster of silk, remarkably durable, and resistant to pilling.

CLEAN + COMFORT
