

CASHMERE

The finest natural luxury fiber providing a soft, durable, breathable and thermodynamic sleep surface.

SOFT- cashmere is a luxuriously soft fiber with high napability and loft; cashmere fibers are 6 times finer than human hair

RENEWABLE RESOURCE- Cashmere fiber comes from the under-down of cashmere goats; although cashmere is an extremely rare fiber and gathered in limited amounts, cashmere goats are plentiful

DURABLE- Cashmere outlasts and outwears wool and can last decades

ADAPTABLE- Fibers are highly adaptable and easily constructed or blended into a variety of yarns and products.
