

SILK

Fine, soft and shimmering yarn with exceptional wear and comfort.

Silk is a high-class yarn that promises quality in processing and provides textiles with an elegant, lustrous sheen, a comfortable soft touch and excellent comfort properties.

As a natural product, the first grade Kibiso mulberry silk provides the yarns with a valuable character: white, clean, even fibers.

Characteristics of a Silk blend:

- Soft and supple hand
- Silky sheen
- High water absorbency
- CO2 neutral
