

# TRUCOOL

TruCool is an everlasting, high-performance functional polyester fiber. The channels created by the fiber's "X" shaped cross section accelerates the moisture absorption and diffusion process, creating fabrics with long lasting abilities to stay dry, soft and comfortable.

TruCool fabrics offer maximum wear, comfort and well-being while providing a cozy atmosphere in homes. TruCool ensures lasting protection under the toughest conditions.

TruCool fabrics by Culp Home Fashions provide luxurious and functional comfort with the added benefit of elegantly detailed design.
